

Tie Down Straps and Tow Straps

Heavy-Duty Ratchet Tie Downs

These popular tie downs feature snap hooks at both ends. They remain securely fastened even if the strap were to become slack for some reason. The entire assembly is rated at 5,000 pounds tensile strength. The heavy 2 inch wide black polyester webbing is rated at 12,000 pounds which results in minimal stretch and an extremely long-wearing strap. The hand grip (4 inches in width) on the ratchet is made from an anodized aluminum extrusion.

Heavy-Duty Ratchet Tie Down, 6 foot, each Part No. 2351-6 ft \$28.99
Heavy-Duty Ratchet Tie Down, 8 foot, each Part No. 2351-8 ft \$28.99

Axle Strap with Protective Sleeve

Features heavy 12,000 lb. rated webbing for wear resistance and 5,000 lb. D-rings at each end. The strap is covered with a Cordura sleeve to protect both the webbing and the car's suspension.

Axle Strap, 21 inch length, with sleeve Part No. 2355 \$8.49

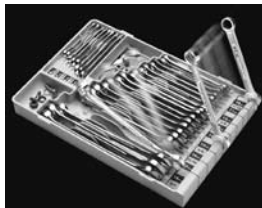

Cam Buckle Tie Down Straps

These economical and easy-to-use straps are perfect for lighter loads that don't require the strength of our heavy-duty ratchet tie downs. The length is adjustable from 12 to 66 inches and hooks are provided at each end. Both hooks are vinyl coated to prevent scratching. The cam buckle securely holds the tension in the strap. The strap assembly is rated at 1,200 pounds in tension and uses heavy 1 inch wide black nylon webbing rated at 4,500 pounds. Each package contains two straps.

Cam Buckle Tie Down Straps, pair
 Part No. 2305 \$16.99

Sort-A-Tool Wrench Organizer Tray

Three times as many wrenches can be stored on edge in this uniquely designed storage tray. The tray is sized (13.5" x 10" x 1.5") to fit in a standard chest of drawers. Slide each wrench along the sizing bar until it stops. This determines the size of the wrench; rotate and store the wrench in its properly sized slot. Self adhesive labels are included for inch and metric; inch only; or metric only. (Wrenches not included.)

Sort-A-Tool Wrench Organizer Tray
 Part No. 3849 \$9.99

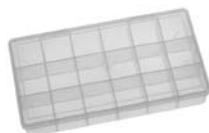

Heavy-Duty Spare Parts Box

Strong polyethylene storage boxes will protect your spare parts and equipment and help to keep things organized. The interlocking cover keeps parts in, dirt out. Boxes stack neatly when the lid is closed and nest to conserve space when empty. Measures 21" long x 15" wide x 12" high.

Spare Parts Box
 Part No. 3399 \$27.99

Small Parts Organizer Boxes

Both sizes are made from tough, nearly unbreakable plastic. **Small Organizer** measures 9 1/8" wide x 5" deep x 1 1/4" high with 18 compartments measuring 1 1/4" by 1 1/4". Removable dividers allow 6 to 18 compartments.

Small Box, 6 to 18 compartments Part No. 4330 \$5.79

Large Organizer measures 13" x 9" x 2.25" with 12 small 2" x 2" compartments and 6 large 2" x 4" compartments.

Large Box, 18 compartments Part No. 2990 \$10.99

Tie Back Straps

Combo Tie Back Strap
 Part No. 2356

48 inch Tie Back Strap
 Part No. 2357-48

Two Inch Combo Tie Back Strap has a 6600 lb. rating, is adjustable from 24"-40", and has protective sleeve and snap hooks.

2" Combo Tie-Back Strap Part No. 2356 \$17.99

48" and 60" Tie Back Straps are 6600 lb. rated, with snap hooks.

48" Tie Back Strap Part No. 2357-48 \$13.49

60" Tie Back Strap Part No. 2357-60 \$14.79

Heavy-Duty D-ring Tie Down Anchor Points

These D-rings equal or exceed the rating of the tie down and, therefore, do not introduce a "weak link". Two styles are available. The surface mount is simple to install and is only 9/16 inch high when the ring is folded flat. The recessed mount requires a cutout in the trailer floor, but then presents almost no obstruction when the ring is folded down. Maximum depth of the recessed style is 1 inch.

Surface mount D-ring, 7000 lb. rating Part No. 2353 \$6.49

Recessed mount D-ring, 5,000 lb. rating Part No. 2354 \$7.49

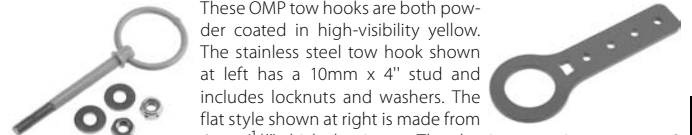

Race Car Tow Strap

This 15 foot strap is strong yet shock absorbing. The hook and "D" ring end makes it easy to attach to just about anything; the other end has a sewn loop.

Race Car Tow Strap
 Part No. 2352 \$17.99

Tow Hooks (Tow Strap Attachment Rings)

These OMP tow hooks are both powder coated in high-visibility yellow. The stainless steel tow hook shown at left has a 10mm x 4" stud and includes locknuts and washers. The flat style shown at right is made from 6mm (1/4") thick aluminum. The aluminum version measures 8 1/2" long overall. The rectangular body portion measures 5 1/2" long x 1 1/2" wide with four 8mm (5/16") holes for a variety of mounting options. Inside diameter of each ring measures 2 inches. FIA approved; required by many sanctioning bodies including SCCA. Sold individually.

OMP EB/571 Stainless Steel Tow Ring, 8mm stud Part No. 2359 \$32.00

OMP EB/572 Flat Aluminum Tow Ring, 1/4" thick Part No. 2349 \$45.00

Tow Hook and Jack Point Decals

Note: SCCA and many other sanctioning bodies require tow hooks on cars where the roll cage is not easily accessible.

These tow hooks must be clearly marked for quick identification by the safety crews.

Make it easy for the Safety and Rescue crew to find your tow hook or safe jacking point with these vinyl decals. For the **Tow Decals**, choose a Triangular or Rectangular decal with the arrow pointing **Up, Down, Left or Right**, in a variety of colors. The **Jack Decal** points down only. Each rectangular decal measures 4.00 x 1.86 inches, and the triangular decals are 4.00 x 2.33 inches. Low tack application tape is applied to the top of the decal to allow easy installation. The vinyl exists only in the colored areas as shown in the drawing above; the white areas are not vinyl. The color of your vehicle's paint will show through in these areas, so be sure to choose a vinyl color that provides a good contrast to the underlying paint color. **Available in black, blue, neon orange, red, white and yellow.**

Rectangular Tow Hook Decal Part No. TOW-A-Direction-Color .. \$2.49

Triangular Tow Hook Decal Part No. TOW-B-Direction-Color .. \$2.49

Rectangular Jack Decal Part No. JACK-B-Down-Color \$2.49
